Our Mountain Ash forests - the most carbon dense in the world
Late last year Victoria reduced forest protections, abolishing the thirty degree rule. Now forest defenders risk \$21,000 fines or a year inside to stand up for our tall trees. Read our [new blog](#) on Tuesday's action with a [clear summary of the issues](#).

Lighter Footprints is committed to facilitating effective climate action. For over a decade, we have educated, advocated and brought people together in Boroondara and surrounding suburbs to inform the community and promote a clean energy future.

Lighter Footprints acknowledges the leadership and custodianship of the Wurundjeri people of the Kulin nations.

We pay our respects to elders past and present.
